MOTTO: EXCELLENCE

Based On New Curriculum

STRATEGIC SCHEME OF LEARNING

IMPORTANT INFORMATION

- The schedule for the **Third Term** Examinations is: **13TH July – 17TH July 2026.**
- Submission of enrolments and final registration closes on: Friday, **19TH June 2026.**
- **Full payment of the total bill** for the examinations must be made **at the time of registration.**
- Registration is **invalid until full payment is made.**
- Examination materials **shall not be delivered without full payment.**

FOR FURTHER ENQUIRIES, CALL OFFICE HOTLINES:

0249273049/ 0207732900/ 0273175454/ 0248726958/ 0558122096

KINDERGARTEN TWO— THIRD TERM

OUR WORLD AND OUR PEOPLE

WEEK	SUB- STRAND	CONTENT STANDARDS	INDICATORS/ EXEMPLARS
STRAND 6: ALL AROUND US			
1	Sub Strand 1: Living And Non-Living Things	K2.6.1.1 Demonstrate understanding of why some things are referred to as living and non- living things.	K2.6.1.1.1 Talk about different types of living and non-living things around us - Take learners around the compound and let them identify and name the things they see - With the support of the poster, have learners classify things they have seen under living and nonliving things
2	Sub Strand 2: Living Things – Animals (Domestic And Wild)	K2.6.2.1 Demonstrate understanding of the importance of domestic and wild animals.	K2.6.2.1.1 Talk about different types of animals that live at home and in the bush and how human being care for domestic animals. - Let learners talk about animals found in the home and those that are not at home - Discuss with learners how and why domestic animals should be catered/cared for
3	Sub Strand 3: Water	K2.6.3.1 Demonstrate understanding that water is an important natural resource that helps all living things, human, plants and animals	K2.6.3.1.1 Discuss where we get water from, its importance to living things and how to care for water sources
4	Sub Strand 4: Air	K2.6.4.1 Demonstrate understanding that air is all around us and it is an important and beneficial natural resource for all living things.	K2.6.4.1.1 Share their ideas with teacher and peers about the presence and importance of air to human being, animals and plants as they listen to a read aloud using an informational text. e.g. we breathe, air makes things burn - Take learners for a Nature Walk and challenge them to look at the movement of leaves and for other evidence of Air around us. Learners perform different experiments to show presence and importance of air around us and talk about their experiences 1. Fill bottles with water and observe the bubbles, 2. Observe balloons fly, observe trees 3. Prepare and send kites into the air etc

5	Sub Strand 5: Plants -1	K2.6.5.1 Demonstrate understanding of the knowledge that there are different parts of plants and are important sources of food and medicine for other living things	K2.6.5.1.1. Talk freely about different parts of a plants and their uses - <i>Learners observe the pictures of different types of plant and identify their different parts, the root, stem and leaves and fruit, and discuss the different parts of plants and food we get from them.</i> - <i>Learners exhibit different parts of plants that we use as food and medicines</i>
6	Sub Strand 6: Plants – 2	K2.6.6.1 Demonstrate understanding of how plants grow and how they prepare their food.	K2.6.6.1.1 Share ideas about the things (Nutrients) plants need to grow well. - <i>Let learners sing some songs about plant</i> - <i>Observe why some plants grow very well but others not.</i>
7	Sub Strand 7: Types of Soil and Gardening	K2.6.7.1 Demonstrate understanding of types of soil we find around us and which one helps plant to grow well.	K2.6.7.1.1 Talk about different types of soil we find around us and which one is best used for gardening. <i>Talk about the types of soil and what we use them for</i>
8	Sub Strand 8: Natural and Man-Made (artificial) Sources of Light	K2.6.8.1 Demonstrate understanding of the knowledge that the different types of lights we use during the day or in the night can be classifies into natural and manmade and its usefulness	K2.6.8.1.1 Talk about the natural and artificial sources of light and what each is best used for. - <i>Learners say the poem “I see the moon”</i> - <i>Learners talk about the different sources of light using the Conversational poste</i> - <i>Discuss the different types of light we use during the day and in the night.</i> - <i>Have learners brainstorm the sources from which we get these lights.</i> - <i>Scaffold the learners to identify and classify the sources of light as God made or natural and man-made. Have learners give examples of each category.</i> - <i>Recite the rhyme E.g. I can see the sun; it is a natural light. I can see the candle; it is a manmade light.</i>

9	Sub Strand 9: Changing Weather Conditions	K2.6.9.1 Demonstrate understanding of positive and negative effects of weather conditions.	K2.6.9.1.1 Identify and describe the elements the different weather conditions. <i>Learners learn and say the rhyme “weather the weather...”</i>
STRAND 7: MY GLOBAL COMMUNITY			
10	Sub Strand: Connecting and Communicating with the Global Community	K2.7.1.1 Demonstrate understanding of the various ways we connect with the global community.	K2.7.1.1.1 Sing or recite poems about the theme and discuss the various ways new connect with the outside world - <i>Learners recite the poem ” An areophane is passing”</i> - <i>Using a Globe or a World map, show learners how big the world is</i> <i>What various modes of transport do people use to connect with the global community? How do people in our country communicate with others? (phones), How do we know about these other people? (TV)</i>

LANGUAGE AND LITERACY

WEEK	SUB- STRAND	CONTENT STANDARDS	INDICATORS/ EXEMPLARS
STRAND 6: ALL AROUND US			
1	Sub Strand 1: Living And Non-Living Things	<i>As for OWOP</i>	K2.6.1.1.2. Participate actively in the shared reading of the big book which relates to the theme, and share more lessons learnt on the theme of the week. K2.6.1.1.3 Keep record of sight words and new content vocabulary learnt from the reading text on the theme. - <i>List key words of the theme on the marker /chalk board and have learners learn the correct pronunciation of words.</i> - <i>Teach the meaning of the words using contextual clues including pictures</i> - <i>Show the words on cards and have learners study the spelling. and use the words to create their own sentences</i> - <i>Guide learners to copy the words in their books</i> K2.6.1.1.4 Recognize at least 75% of letter sounds in words - <i>Play Alphabet Relay with learners.</i> - K2.6.1.1.5. Identify the letter-sound learnt for the week in words related to the theme and write the letter and key word boldly and legibly in their books
2	Sub Strand 2: Living Things – Animals (Domestic And Wild)	<i>As for OWOP</i>	K2.6.2.1.2 Listen to a shared reading on a traditional story on how some animals became domestic animals. - <i>Learners think-pair share and then brainstorm as a whole class the differences between domestic and wild animals</i> - <i>Ask learners to think about why a wild animal would want to become a domestic animal.</i> -

			K2.6.2.1.3 Create an informational text on different types of animals using a variety of new vocabulary learnt from the conversational poster on domestic animals. - <i>Animals that lay eggs – hen, duck.</i> - <i>Animals that do not lay eggs-goat, dog</i> - <i>Animals that have fur – rabbit, goat, dog, cat</i> - <i>Animals that have feathers – hen, duck, parrot</i> - K2.6.2.1.4 Tap and clap and count the syllables of the names of animals and lines of the song. K2.6.2.1.5 Identify the letter-sound learnt for the week in words related to the theme and write the letter and key word boldly and legibly in their books. <i>Teach learners to Blend individual letter sound to form one syllabic words</i>
3	Sub Strand 3: Water	<i>As for OWOP</i>	K2.6.3.1. 2 Participate actively in the shared reading of the big book which relates to the theme, answer inferential questions, and demonstrate how sentences are written with spaces between the words K2.6.3.1.3 Use a variety of new vocabulary learnt about the sources and importance of water to all living things to create a text for reading using LEA - <i>Good Water is clear and colourless.</i> - <i>Animals drink water to live.</i> - <i>Plants need water to grow</i> - K2.6.3.1.4. Blend the letter-sounds learn so far into syllables, read and write the syllables boldly and legibly in their books. - <i>Rapidly revise the letter sounds learnt so far.</i> - <i>Teach learners to blend individual letter sound to form one syllabic words. Practice creating many mono-syllabic words putting together consonant and vowel sounds. E.g. Ma, va, ba. •</i> - <i>Use the Pupils blending process.</i> <i>Learners make their own simple words and copy them into their books</i>

4	Sub Strand 4: Air	As for OWOP	K2.6.4.1.2 Use a variety of new vocabulary learnt about importance of air to create an informational text for reading using LEA K2.6.4.1.3 Participate actively in the teacher-read-aloud of the text on Air, share lessons learnt on the theme of the week and demonstrate that words have spaces in a sentence. K2.6.4.1.4 Recognise and read 25% of sight words instantly and automatically K2.6.4.1.5 Blend the letter-sounds learnt so far into syllables, read and write the syllables boldly and legibly in their books. <i>Rapidly revise the letter sounds learnt so far</i> - Teach learners to blend individual letter sound to form one syllabic words. E.g., go, do, to, ba. <i>Give individual sounds to learners and let them practise creating many mono-syllabic words putting together consonant and vowel sounds</i>
5	Sub Strand 5: Plants -1	As for OWOP	K2.6.5.1.2 Use a variety of new vocabulary learnt about plants to create an informational text for reading using LEA - With leading questions, have them create and dictate simple sentences orally and the teacher writes the story for them. Add few more contents and copy onto a big sheet and use that as a reading text K2.6.5.1.3 Participate actively in the teacher-read-aloud of the LEA text which relates to the theme, and share lessons learnt from the text. - Learners first say what they know about plants(K), ask questions on what they want to know, listen to the text and answer their own questions during the reading and share what they have learnt about the parts of a plant and their uses after the reading - K2.6.5.1.4 Recognise and read 25% of sight words instantly and automatically K2.6.5.1.5. Blend the letter-sound learnt so far into syllables, read and write the syllables boldly and legibly in their books. <i>Teach learners to blend monosyllabic words to form two syllabic words. e.g. Ko-fi letter sound to form two syllabic words. E.g., gogo, te-do(tedo), to-lo(tolo), ba-ba (baba) A-ma.</i>

6	Sub Strand 6: Plants – 2	As for OWOP	K2.6.6.1.2 Use a variety of new vocabulary learnt about plants to create an informational text for reading using LEA K2.6.6.1.3 Participate actively in the teacher-read-aloud of the big book which relates to the theme, and share lessons learnt from the reading. K2.6.6.4 Blend the letter-sounds learn so far into syllables, read and write the syllables boldly and legibly in their books. <i>Teach learners to blend monosyllabic words to form two syllabic words such as Ko-fi, gogo, te-do(tedo), to-lo(tolo), ba-ba (baba) Ama.</i>
	Sub Strand 7: Types of Soil and Gardening	As for OWOP	K2.6.7.1.2 Participate actively in the teacher-read-aloud of the big book which relates to the theme, count words in a sentence and answer inferential questions on the text. - Write some sentences, cut them up and have learners count the words in the cut-up sentences and rearrange them to form sentences - K2.6.7.1.3 Use a variety of new vocabulary learnt about soil to create an informational text for reading using LEA K2.6.7.1.4 identify the beginning sounds in words and practise creating new words through phoneme substitution. - Give learners a set of words with same beginning letter sounds and ask them to identify the letter sound, e.g. Bag, ball, bat, - Ask them to delete the beginning letter sounds in some common words and replace it with another sound and see the new word they get.

7	Sub Strand 8: Natural and Man-Made (artificial) Sources of Light	<i>As for OWOP</i>	K2.6.8.1. 2 Participate actively in the teacher-read-aloud of the big book which relates to the theme, count words in a sentence and answer simple questions on the text. - Ask factual and inferential questions about the book. - Have the learners relate the story to their lives. - Learners brainstorm some other lights that we cannot catch or touch. - Learners answer more factual and inference questions on the text. - Write some sentences, cut them up and have learners count the words in the cut-up sentences and rearrange them to form sentences. K2.6.8.1.3 Use a variety of new vocabulary learnt about the theme to create an informational text for reading using LEA K2.6.8.1.4 Recognize instantly at least 75% of letter sounds in names of items in the environment by playing Letter Bingo games - Learners sing an alphabet song and point to the letters on the wall. - Play a bingo game with learners finding and ticking beginning letters of words on a chart. K2.6.8.1.5 Use individual letter-sounds to form simple mono-syllabic content and sight words.
8	Sub Strand 9: Changing Weather Conditions	<i>As for OWOP</i>	K2.6.9.1.2 Participate actively in the shared reading of the big book which relates to the theme and answer simple questions on the text. - Learners first say what they know about the weather, ask questions on what they want to know, listen to the text and answer their own questions during the reading and share what they have learnt. - Learners talk about their experiences, e.g. with floods, the scorching sun, windy weather conditions K2.6.9.1.3 Use a variety of new vocabulary learnt about the theme to create an informational text for reading using LEA K2.6.9.1.4 Read level appropriate content sight words and use them to form sentences and also copy them in their books. - Show key words of the theme on cards and guide learners to read. them Provide learners with word chart on weather conditions – dry, cold, wet, windy, rainy, cloudy, warm, sunny, sun, water. K2.6.9.1.5 Recognize and identify most letter names and their sounds in different names of people from other cultures.

STRAND 7: MY GLOBAL COMMUNITY

9	Sub Strand: Connecting & Communicating with the Global Community	<i>As for OWOP</i>	K2.7.1.1.2 Participate actively in the shared reading of the big book which relates to the theme and answer simple questions on the text. K2.7.1.1.3 Use a variety of new vocabulary learnt about the theme to create an informational text for reading using LEA K2.7.1.1.4 Identify sounds of letters and be able to write them K2.7.1.1.5 Identify letter-sounds in key words about the theme and be able to write them in their books.
---	---	--------------------	---

LETTER WORK

10	Master Letters and simple words	Read and write common four-letter words	Say and write four letter words and irregular three-letter words.
----	--	--	---

REVISION

12	END OF THIRD TERM EXAMINATIONS		
----	---------------------------------------	--	--

NUMERACY

WEEK	SUB- STRAND	CONTENT STANDARDS	INDICATORS/ EXEMPLARS
STRAND 6: ALL AROUND US			
1	Sub Strand 1: Living And Non-Living Things	<i>As for OWOP</i>	K2.6.1.1.7 Tell the position and motion of objects in space. Using words such as below, to the right, behind etc. <i>Introduce them to vocabularies such as: in front of, behind, on the third row, and other words that show position.</i>
2	Sub Strand 2: Living Things – Animals (Domestic And Wild)	<i>As for OWOP</i>	K2. 6.2.1.7 Compare the size and height of different animals using the phrases, bigger than, taller than.
3	Sub Strand 3: Water	<i>As for OWOP</i>	K2.6.3.1.7 Measure, estimate and compare the capacity of different containers of water - <i>Have learners use the different litres of existing water bottles and check which weight is heavier or less heavy</i> - <i>Measure water with different sizes of bottles and compare volumes of different sizes of containers of water</i>
4	Sub Strand 4: Air	<i>As for OWOP</i>	K2.6.4.1.7 Classify objects in the environment according to those that have weight and heavy and those without weight and less heavy, count the number of objects in each category up to 20
5	Sub Strand 5: Plants -1	<i>As for OWOP</i>	K2.6.5.1.7 Classify different food items into the parts of the plant from which we get it from. <i>Provide a variety of food items and have the learners sort and classify them into five categories=food from the root, stem, leaves, fruits, or seed. Count the number of objects in each category up to 20. E.g. guide learners to count the number of food item and pick a numeral card which matches the number quantity</i>
6	Sub Strand 6: Plants – 2	<i>As for OWOP</i>	K2.6.6.1.7 Classify different types of food items according to categories and count the number of objects in each category up to 20. - <i>Provide a variety of fruits, vegetables and seeds. Have the learners sort and classify them into their three categories.</i> <i>Count the number of objects in each category up to 20.</i>

7	Sub Strand 8: Natural and Man-Made (artificial) Sources of Light	<i>As for OWOP</i>	K2.6.8.1.7 Tell the position and motion of objects in space. Using words such as below, to the right, behind etc.
8	Sub Strand 9: Changing Weather Conditions	<i>As for OWOP</i>	K2.6.9.1.7 Collect and handle data on learner's preference of weather conditions. - <i>Learners count and represent data in a graphical form and in groups.</i> - <i>Use the data to ask questions such e.g. Which group has the most members? Count them. Which group has few members? Is there a group with no one? Etc.</i> - <i>Also scaffold learners to develop conceptual understanding of subtraction (0 to 20). Ask if the whole class has 20 members and 10 pupils do not prefer any weather condition, how many will be left to dress up?</i> - <i>Guide learners to subtract numbers using countable objects</i>
STRAND 7: MY GLOBAL COMMUNITY			
9	Sub Strand: Connecting and Communicating with the Global Community	<i>As for OWOP</i>	K2.7.1.1. 8 Developing a conceptual understanding of addition and subtraction in the buying and selling that goes in between different countries. - <i>Set up an international market in the classroom where all kinds of international traders come and shop.</i> - <i>Demonstrate buying and selling, practicing addition and subtraction of money and giving change</i>
PURE NUMBER WORK			
10	Mastering numbers	Count and write up to 200	- Count and write 1-200 in figures - Write number names from one to fifty
11	REVISION		
12	END OF THIRD TERM EXAMINATIONS		

CREATIVE ARTS

WEEK	SUB- STRAND	CONTENT STANDARDS	INDICATORS/ EXEMPLARS
STRAND 6: ALL AROUND US			
1	Sub Strand 1: Living And Non-Living Things	<i>As for OWOP</i>	K2.6.1.1.6 Identify, draw and colour two items each under living and non-living things.
2	Sub Strand 2: Living Things – Animals (<i>Domestic And Wild</i>)	<i>As for OWOP</i>	K2.6.2.1.6 Observe, identify and talk about images, items and performances in artworks of everyday life - Let learners observe pictures of some animals, and talk about their characteristics, colours and size. Cut and paste animals in the two categories: domestic and wild animals -
3	Sub Strand 3: Water	<i>As for OWOP</i>	K2.6.3.1.5 Draw and colour different sources of water
4	Sub Strand 4: Air	<i>As for OWOP</i>	K2.6.4.1.6 Prepare and fly kites and other paper aeroplanes outside the classroom. - Learners use the paper and other tools to make kites and paper aeroplanes and other objects to play with to show that air is around us -
5	Sub Strand 5: Plants -1	<i>As for OWOP</i>	K2.6.5.1.6 Draw and label the parts of a plant
6	Sub Strand 6: Plants – 2	<i>As for OWOP</i>	K2.6.6.1.6 Create a leaf album using different types of leaves. Ask learners to pick different kinds of leaves from the school environment and use glue to paste them on cards to create an album of leaves
7	Sub Strand 7: Types of Soil and Gardening	<i>As for OWOP</i>	K2.6.7.1.5 Draw and colour at least four items that are made out of clay soil

8	Sub Strand 8: Natural and Man-Made (artificial) Sources of Light	<i>As for OWOP</i>	K2.6.8.1.6 Identify and describe the elements of art in the environment and create their own artwork - <i>Display a variety of pictures and other art work of natural and man-made lights, learners observe them and describe the way they are created.</i> - <i>Learners draw or use different cards to design their own picture of various sources of light.</i> -
9	Sub Strand 9: Changing Weather Conditions	<i>As for OWOP</i>	K2.6.9.1.5 Role play how changing weather conditions affect the clothes we wear - <i>Learners enter the classroom and walk by and others guess what the weather condition is. Recite different rhymes related to the weather to end the day.</i> -
STRAND 7: MY GLOBAL COMMUNITY			
10	Sub Strand: Connecting and Communicating with the Global Community	<i>As for OWOP</i>	K2.7.1.1.6 Sing songs from different cultures and languages (French) and perform actions on them. - <i>Learn and sing French songs and learn the names of the days of the week</i> K2.7.1.1.7 Talk about colours of the flags of other countries and other artwork and music they have. - <i>Use music and drama to demonstrate how the various countries dance</i> -
11	REVISION		
12	END OF THIRD TERM EXAMINATIONS
